### 1. Context and Objectives

The Village des Solutions pour la Nutrition was initiated by the French Ministry for Europe and Foreign Affairs and the European Commission, alongside the Nutrition for Growth (N4G) Paris 2025 Summit. It aims to bring together key sector stakeholders to showcase concrete and innovative solutions for nutrition and sustainable food systems.

The Nutrition for Growth (N4G) Summit, launched in 2013, is a major international event that mobilizes political and financial commitments to fight malnutrition. Organized every four years by the host country of the Olympic and Paralympic Games, it gathers governments, international organizations, civil society, the private sector, and academia.

In this context, the Village des Solutions pour la Nutrition will serve as a space for exchange, awareness, and demonstration. Visitors will have the opportunity to discover pioneering initiatives, interact with experts, and identify concrete actions to improve global nutrition.

### 2. Schedule and Target Audience

Throughout the Summit, the Village des Solutions pour la Nutrition will be a key meeting point, catering to a wide range of participants, from the general public to sector experts.
